PRESIDENT'S REPORT for MAY

As the year progresses, the displays at Gallery 5 go from strength to strength. The general standard of the artwork being installed has lifted across the board. A smile goes across my face every time a new display goes up. Well done members!

Many thanks to all the ladies who volunteered to assist Meg Ryan sew new covers and replace our gallery cushions. They worked long and hard all day Sunday at the working bee. This fits well with the new chairs purchased recently to replace the very tired ones we have had for the last ten years. The chairs and cushions look fresh and comfortable. Well done to each volunteer who helped on Sunday.

During May, our Shared Ground Exhibition created a wonderful display of art that has been well received by our members and the community at large. This is a collaborative effort between our First Nations Artists and our members presenting artworks relating to the topic of reconciliation. This exhibition filled more of the gallery than expected. Any general work moved will be re-installed Friday, 7th June. The opening was a significant opportunity to increase the awareness of our gallery's existence within our community and beyond. Dignitaries and the public cheered the talents of singer, Jon Veava and Didgeridoo player, Steve Angeles. The afternoon event was excellently catered for by Paul & Patrice Rocchi with the help of Margie Riggs. This event could not have happened without the efforts of Julie McGillivray.

Our recent General Meeting was well attended. I look forward to this to develop into a trend for the rest of the year. Remember the best way to stay in the loop is to read our emails/newsletters and attend meetings. Please read the minutes to keep abreast if unable to attend.

Our next Special Workshop is on Watercolour presented by Jan Lawnikanis (noted water-colourist) as a two day event on the weekend of 8th & 9th June (9am-4pm each day). The flyer has been sent out via email and on our website. Remember that you have to pay at the gallery front desk to confirm a spot on the list for each special workshop. Record your receipt number on the list.

HBAS membership is up for renewal as we come into our next financial year. When you renew, you must fill out a renewal form so we can check for the accuracy of your details. The renewal fee of \$40 is still a bargain that needs to be paid by end of July please. New members pay \$45 even from the month of May.

Remember this is your Art Society and we welcome hearing your ideas or concerns. Please contact me via text on 0427244242 or email at brose60@hotmail.com as the need arises. If you wish to lodge a suggestion or a complaint send it in writing to the HBAS email: herveybayartsociety@bigpond.com for the executive to investigate.

Mark Brose
HBAS President

BIG JOB - WELL DONE

BIG THANK YOU to all the wonderful volunteers who spent hours making the new cushion covers. They look and feel sensational. Your efforts & generosity are much appreciated.

EACH SESSION	\$7 for Members	\$15 for Non-members

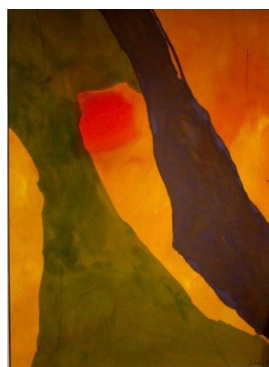

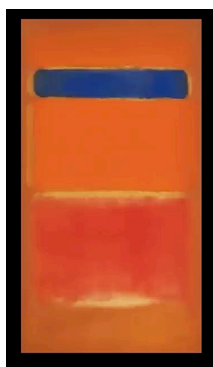

ABSTRACTIONS in JUNE

The topic of 'Abstraction' often brings to mind very non-representational works like those done by Kandinsky, Rothko or Turner. However, abstractions are defined as 'a deviation from the norm' and come in a range from mild (Impressionism) to more extreme (Non-representational Abstracts).

- CONTRAST is VITAL: 1. Value - Light Vs Dark 2. Colour - Intensity, Opposites (Complementary) 3. Edges - Harder Vs Softer
- COMPOSITION GUIDES can be the starting point for your artwork as they GIVE STRUCTURE & HELP DIRECT THE VIEWER'S EYE?
- WHICH ART PRINCIPLES or ELEMENTS will you use to GIVE FOCUS to your CENTRE of INTEREST?
- ABSTRACT WORKS use LAYERING, MARK-MAKING & BOLD/ SUBTLE COLOUR to PULL SECTIONS FORWARD or PUSH THEM BACK.
- ADDING PAINT / MIXED MEDIA or REMOVING / COVERING parts of them can improve your artwork - Experiment!

CONTRAST. EMPHASIS MOVEMENT PATTERN BALANCE UNITY

VALUE COLOUR LINE SHAPE TEXTURE SPACE FORM

UPCOMING SPECIAL WORKSHOPS

3D WORKS by Local Artists

Each uses natural materials/ fibres in unique ways.

Tina Raveneau presented a workshop on using fibre weaves

"Reconciliation" by Francis Blair Twisted Weaving

SHARED GROUND EXHIBITION

Over 60 artworks were installed in our collaborative community exhibition. Thank you to all those who contributed.

JULY ART COMPETITION - TREMENDOUS TREES

Each trunk comes in a range of colours. Being cylindrical, light has a dramatic effect on them.

Trees have rightly been the subject of many an artwork. Their natural beauty and power tug at the heartstrings. Remember when creating works using trees:

1. They come in all shapes & sizes with branches growing in various lengths & directions with bumps & scars on the bark.
2. Leaves are often green but also many other colours. Vary the types of green as well.
3. Shadows make trees even more interesting particularly those cast by other branches or leaves. Don't forget to show some individual leaves.
4. The canopy of a tree is not a solid block - remember to include sky holes between sections of leaves.
